

Baxter

Homechoice Claria enabled by Sharesource
HOME DIALYSIS (APD) SYSTEM

HOMECHOICE CLARIA APD SYSTEM

Designed to change the world
of **PD** from the inside out.

HOMECHOICE CLARIA APD SYSTEM

now featuring the **Sharesource**
connectivity platform.

FEATURES

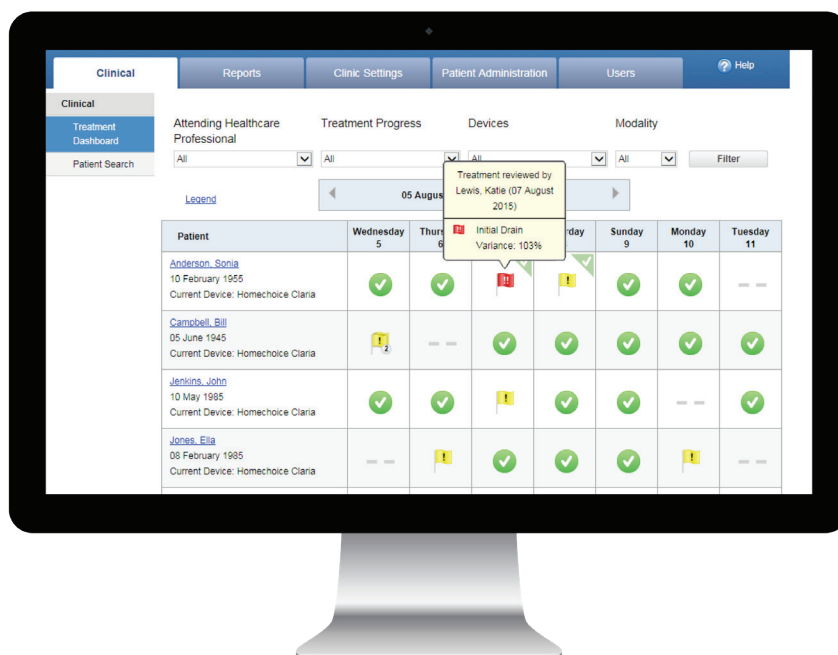

- 2-way communication: change device programs remotely
- Remote firmware upgrades and technical service
- 100% larger screen for improved visibility compared to the original Homechoice APD cyclers

Today, more of your **peritoneal dialysis** patients can access the benefits of home therapy. Two-way connectivity gives you the ability to not only monitor device programs, but adjust them remotely, facilitating more proactive therapy decisions. In other words, it's how Baxter delivers your clinic to your patients.

SHARESOURCE CONNECTIVITY PLATFORM.

A web based platform to empower healthcare professionals to deliver individualised patient care at home.

FEATURES INCLUDE:

- **Remote Patient Management**

With **ShareSource**, your patients' treatment data is transmitted from their dialysis devices to our **Clinical Portal**, so you can remotely monitor their therapy and intervene when necessary.

- **Two-Way Device Communication**

Our **Clinical Portal** allows prescribing healthcare professionals to make remote adjustments to patients' device programs – which means more timely care for your patients.

- **Improved Clinical Efficiency**

ShareSource's intuitive dashboard provides customisable clinical alerts to help keep you informed and respond to your patient's medical needs.

TRANSFORMING HOME DIALYSIS CARE

Manage your home dialysis patients with our new web-based connectivity platform, **ShareSource**. It features a **Clinical Portal** designed to bridge the gap between the clinic and home by allowing you to remotely monitor your patients' therapy. The platform is designed to have an intuitive interface and streamline clinic activities – ultimately helping you deliver patient care.

Any medical device product quality complaints (including medical device adverse incidents) relating to Baxter products can be reported directly to the Baxter Country Quality Assurance Team: In the UK on +44 (0)1604 704603, or by email to UK_SHS_QA_Complaints@baxter.com. In Ireland on +353 (0)1 2065500 or by email to shs_complaints_dublin@baxter.com

Alternatively please report directly to your Baxter Representative, who will take the details and forward to the Baxter Country Quality Assurance Team. Medical device adverse incidents should also be reported: In the UK to the MHRA.

Reporting forms and information can be found at: www.mhra.gov.uk/safetyinformation/reportingsafetyproblems/index.htm . In Ireland to the HPRA. Reporting forms and information can be found at: <http://www.hpra.ie/homepage/about-us/report-an-issue>
